

SecureBank Credit/Debit Card Dispute Policy

Reporting a Disputed Transaction

Customers must report unauthorized or incorrect card transactions within 60 days of the transaction date via the mobile app, net banking, or the 24x7 card helpline at 1800-123-9999. A dispute reference number is issued immediately upon reporting.

Duplicate or Failed Transaction Charges

If a customer is charged twice for a single purchase, or charged for a transaction that failed at the merchant end, SecureBank initiates a chargeback with the merchant's acquiring bank. Provisional credit is issued to the customer's account within 10 working days of the dispute being logged, pending investigation.

Investigation Timeline

SecureBank completes dispute investigations within 30 days for domestic transactions and 45 days for international transactions, as per network (Visa/Mastercard/RuPay) chargeback rules. Customers are notified of the outcome via SMS, email, and the mobile app.

Zero Liability for Unauthorized Transactions

Customers who report an unauthorized transaction within 3 working days of receiving the transaction alert bear zero liability, provided the loss did not occur due to customer negligence such as sharing OTP, CVV, or PIN.

Card Blocking and Replacement

Lost or stolen cards can be instantly blocked via the mobile app or by calling the helpline. A replacement card is issued within 5-7 working days at a fee of Rs. 200 plus GST, waived once per calendar year for Gold and Platinum cardholders.

Escalation

If a dispute is not resolved within the stated timelines, customers may escalate to the Nodal Officer via nodalofficer@securebank.example, and subsequently to the RBI Banking Ombudsman if still unresolved after 30 days from the escalation.
